

ZEPOS & YANNOPOULOS

We work with you to minimise risk and maximise opportunity

With 190 people, we are one of Greece's largest firms, but the only one to offer you comprehensive legal and tax services.

Outstanding people

Our people are outstanding too – experts, who guide you through the ever changing maze of Greek rules, and assist you with detailed market knowledge.

Based on a deep understanding of your needs, we manage your project and bring it to a timely and beneficial conclusion. You find that we maintain the highest service standards in the global market.

In short, we take care of it. We keep you safe, and give you advice that helps to build a successful strategy and get the deal done.

Unique heritage
in serving multinationals
doing business in Greece

Industry-focused

When you commission our Corporate practice, you engage experienced specialists.

We have expertise in specific industries, such as automotive and industrial technology, aviation, banking and financial services, education, energy, food and beverage, healthcare, hospitality and leisure, IT, media and entertainment, non-profit, real estate and telecommunications.

We are also present in Greek fora, such as the Hellenic Federation of Enterprises (SEV) and Chambers of Commerce. Our partners devote significant time on thought leadership, speaking in industry conferences and workshops, publishing newsletters and articles, as well as organizing client training events.

You benefit

For every project we form a multi-disciplinary and industry-focused team, involving legal specialists from relevant practices, and where needed tax experts, accountants and economists to help you profit.

However, you only have to deal with one person in our firm – a dedicated contact who leads our team that conducts and manages your project.

Our people help you decide on the best vehicle to conduct business in Greece, such as a subsidiary, branch or partnership. We then implement your decision and deal with the regulatory, tax and accounting aspects, and support you throughout your business life in Greece.

We can handle high volumes of complicated work within tight deadlines. In this, you profit from the size of our firm, strength of support services in knowledge management, IT and systems, and rigorous quality controls.

One third of our staff works in business support. We continue to invest heavily in the development and training of the people who deliver your success.

To help you succeed,
we take care of it
